**Make next
summer's job the
first step in a
second career.**

Two years from now, when you get your college degree, you can also get your commission as an Army officer.

It all starts with a job next summer. For 6 weeks at Fort Knox, Ky.

It's not exactly a job, however. It does pay you \$500 plus free room and board. You will work...work hard. And you can quit, anytime you wish, with no further obligation.

But it's more like a school. Where you'll pack your mind and body with 2 years' worth of leadership training...to prepare for your Army ROTC courses on campus next fall.

Then, while you study for your chosen degree, you also prepare for a responsible position in the active Army or Reserves. And get paid \$100-month (up to 10 mos.-yr.) during your last 2 years of college.

The President shall act as chairman at all meetings; he shall be responsible for the carrying out of all rulings of the Council; he shall be responsible for the expenditures of the Council conforming with the approved budget of the Student Council; he shall represent the UMR student body in all inter-campus activities, and he shall have final authority and responsibility for all decisions of the executive committee.

The Vice-President shall perform the duties of the President in the event of his absence or upon his direction; he shall serve as parliamentarian and have in his possession at each meeting a copy of Robert's Rules of Order, this constitution, and its by-laws; he shall act as the President's representative in all UMR campus oriented activities unless otherwise directed by the President.

The Secretary shall act as recorder of the minutes at all meetings of the Council and shall handle all correspondence and reports other than financial.

The Treasurer shall be responsible for the funds of the Student Council and shall keep records in accordance with University regulations. He shall make a financial report to the Council for the Council's approval and report on the status of the budget at the beginning of the following semester. He is responsible for accepting requests from student organizations for appropriations in accordance with the policies established by the Council concerning these appropriations.

S.U.B. Brings Katie Lee To Rolla

Katie Lee, singer, filmmaker, guitarist, and writer, will soon be coming to Rolla to present a show of American folklore. The Fine Arts Committee of the Student Union Board will be sponsoring this spectacular musical performance on Thursday, March 25 at 8:00 p.m. in Centennial Hall.

Miss Lee is an outdoor woman, who presently resides in the ghost town of Jerome, Arizona. In a time when music

has turned away from the folk form, she has turned her attention to these forgotten roots of Western music. She began by writing a comprehensive anthology of Cowboy songs, called TEN-THOUSAND GODDAMN CATLE. This anthology is about the complete and utter destruction of the cattle ranches — and the West. More recently, she has produced her research into a prize-winning film called THE LAST WAGON. She has also put together several on shows including the folk musician, "Maude, Dilly and Mr. D." This musical is based on a short story by Helen Eustis, "The Rider on the Pale Stallion", and is filled with haunting melodies and plenty of good humor indigenous to the west. Miss Lee also has a number of albums from her concert and early

coteehouses appearances and her FOLK SONGS OF THE COLORADO RIVER is a collection of river lore which she hopes will help save one type of American wilderness from further destruction.

In Miss Lee's performance here, she will be tracing the history of the American Cowboy through song and narrative. Included in her repertoire are trail herding songs, ballads of Mexico and the border, and of the Colorado River. She also sings songs of Miners, Mountmen, and Rivermen, and songs of the Old West like "The Ballad of Alfred Packer". Some of the most lively songs are those telling of Mexico, "Malangena Solerose" and "Noce de Ronde".

All U.M.R. students are encouraged to attend this exciting and humorous presentation.

S.C. Changes

The UMR Student Council is presently proposing changes and additions in its Constitution. To be ratified, these changes must be approved by a two-thirds vote of the Council and then approved by a two-thirds majority of the students voting in a ballot election of the student body. This ballot election will be held in the beginning of April. A minimum of thirty per cent of the student body must vote in the election for it to be considered a valid election. A text of the constitutional changes is listed below. Some of the major changes include a move to increase the Council membership and a revision of the duties and powers of the Council and its officers. The Student Council asks that everyone read these revisions and if any student has any operation, he should ask his representative or call or drop by the Council Office. The Student Council Office is located in room 201 of the Old Student Union and is open every weekday, except Wednesday, from 2-4 p.m.

CHAPTER 20: THE PUNCHLINE

BY SOME STRANGE COINCIDENCE, ABEL TURNS UP AT A WEEKEND PARTY, STILL UNAWARE THAT HE IS NOW SUPPOSEDLY IMMUNE TO ALCOHOL; THE MAD DOCTOR HAVING TOLD HIM ONLY THAT HIS EYES WERE FIXED.

THE OTHER PARTIES ARE ALSO UNAWARE THAT EVERY CELL IN ABEL'S BODY NOW CONTAINS A CATALYST WHICH, UPON CONTACT WITH ALCOHOL...

CAUSES IMMEDIATE AND TOTAL OXIDATION!

JESUS! HE TURNED IT INTO WATER!

Damn Fool's Opinion Once upon a time...

by Linda Ponzer

Once upon a time there was a concert featuring Starcastle and Kansas. People started lining up at 5:00, but the gate didn't open till 7:00. When it got to the time when the gates were to open the crowd got excited and started pushing and shoving; miraculously no one fell and got trampled. Although a lot of people got their feet stepped on and were separated from their friends.

One guy waiting in line almost got waisted. He was trapped half and half out of the door, his face smashed up against the steel frame while his body was being split in half from people pushing. Luckily another guy helped him out of this fix and he survived to enjoy the concert. Other people were being banged into doors, walls and each other. Minor incidents of bruised bodies and stepped on feet were recorded in large numbers.

I know everyone wants to get as close as possible to the front, but why should some pushy people endanger the well-being of the rest of us? If you have ever attended a concert chances

are you have experienced these same situations.

I don't claim to have all the answers, but here are a few possible precautionary measures that could be taken to insure better and safer waiting conditions at a concert.

- 1) Earlier set-up time-earlier time to get in.
- 2) Open the gates 30 min. earlier to people with valid UMR id's and tickets.
- 3) Have organized lines, supervise them if necessary.
- 4) Make it known beforehand that those who need tickets go to left side and the others to the right side.

Another problem that can be easily seen is the huge amounts of bottles, cans and other bits of paraphernalia that are left on the floor after a concert. I wonder if it would be possible to set trash containers around the perimeter of the gymnasium, for people to throw their trash in. For everyone who enjoys a good concert would take the time to be safe and therefore not spoil the chances for further concerts.

Imports and proud of it!

Dear Editor:

We are writing in response to the letter in the Miner concerning the questions as to why the Rolla men "import" their women for party weekends instead of asking out the Rolla coeds.

We wonder if the women of UMR have ever taken in consideration that a lot of the men have been dating their girlfriends since high school and choose to invite them to the party weekends. After all, it is their right to choose whom they want to date and many of the UMR men have commitments to women who are "imported" from other places.

You also say that you are not down there to get married but want to "get to know some

people other than roommates and other girls". Why are you so upset and discouraged about not having a date if you are not wanting to get married? We realize a date doesn't necessarily mean marriage but it seems silly to get so upset about not having dates with the Rolla men. Also, is dating the only way you will get to know people? Why don't you just settle with being friends with the guys and stop worrying about getting a date for party weekends? Better yet, why don't you "import" your dates for party weekends as they do?

The "imports" would like to get along with the Rolla coeds but you will have to accept the fact that as long as there are Rolla party weekends there will be "imports".

SEE YOU GREEK WEEK!

We are imports and proud of it!

Could you be a nuclear expert?

(If so, you could earn more than \$500 a month your Senior year.)

Even if you're a Junior engineering or physical science major, it's not too early to start thinking about your career. And if you think you've got what it takes to become an expert in nuclear power, the Navy has a special program you should look into right away.

Why right away? Because if you're selected, we'll pay you more than \$500 a month during your Senior year. (If you are presently a Senior, you can still join the program.)

What then? After graduation, you'll get nuclear training from the men who run more than 70% of the nuclear reactors in the country—Navy men. And an opportunity to apply that training in the Navy's nuclear-powered fleet.

Only about 200 men will be chosen for this program this year. So, if you're interested, call us.

Enroll in our Summer school. It makes up for the past 2 years!

If you missed the first 2 years of Army ROTC, you can complete all the work by taking our 6-week Basic Camp. It crams all you missed into a tough, concentrated course.

You'll earn over \$500 plus travel allowance and we furnish food, clothing and lodging.

What are your obligations? Frankly, none. You can quit any time. Or, we can send you packing. But over 90 percent completed last year's camp. So it must have a lot going for it.

When you return to college, you are eligible for Advanced Army ROTC. You earn a commission while you earn your degree. And get \$100 a month while you're taking the course.

The Basic Camp is open to men and women who have completed their sophomore year. It'll be challenging summer you're not likely to forget.

Earn an extra \$2,700 during your last 2 years of college.

Army ROTC can make the big difference in financing those last 2 college years. Here's the math of our program:

Basic Camp Training (6 weeks during summer between your Sophomore and Junior years)	\$481.74+
Advanced Course during your Junior year	900.00
Advanced Camp Training (6 weeks during summer between your Junior and Senior years)	443.97+
Advanced Course during your Senior Year	900.00
Total	\$2,725.71

+ You also receive travel allowances from your home to Basic and Advanced Camp training sites. While in camp, you get food, lodging, clothing and emergency medical care.

These amounts will vary according to length of school term.

You can earn \$100 per month for up to 10 months a year, but the average term is 9 months. In most instances, the total will exceed \$2,700.00.

Now, what about your commitment or obligation if you enroll in Advanced Army ROTC? First, you make no commitment when you attend the Basic Camp. This is the time you can discover first hand whether Army ROTC is your thing. And it gives us an opportunity to determine if you're good officer material. Frankly, the Basic Camp is rough; it's demanding both physically and mentally. So you have the option of quitting whenever you like. We'll even pay your transportation back home.

If you successfully complete the Basic Camp, you are eligible for enrollment in the Advanced Course. Then you make your commitment. That commitment includes an agreement to serve on active duty for 2 years. Or, (if the Army's needs are such) to enter active duty for 3 to 6 months and then serve for a time in the active Reserves. In either case, you'll earn the full pay and allowance of an officer.

Those are the basic facts. There are a number of programs which might interest you. Mail this coupon for facts about Army ROTC. Or, visit us so we can talk it over.

Your Army ROTC earning may not pay all your costs for those final 2 years. But they'll take a healthy bite out of the high cost of learning!

I'm a college sophomore or junior and am interested in your Basic Camp. Please rush information. No obligation on my part

Miners Fall In National Tourney

While everyone was having a great time celebrating St. Pats in Rolla, the Miner basketballers were in Thibodaux, Louisiana, participating in the NCAA College Division II South Central Regional Tournament. On Thursday night, UMR faced Grambling College, a school known for its powerful football team, and lost 67-61. Nicholls State, the host team of the tournament, demolished Lincoln University 97-79, so UMR met LU in the third place game Saturday. Lincoln edged the Miners in a very close game, 86-84. Grambling almost upset 2nd ranked nationally Nicholls State, but NSU's depth made the difference in the game, and they pulled out a 90-89 victory in the championship game.

Grambling had been averaging 91 points per game, going into Thursdays contest, but they chose not to run and gun against the Miners. Instead they played a slow ball control offense, and almost lost the game doing it. However, UMR shot a poor 41 per cent from the floor, and with seven minutes left in the game, they were behind 59-47. Grambling went into a stall two minutes later, and the alert, aggressive Miners got three straight baskets from steals, but it wasn't enough to win. They got within four points, but no closer.

Bob Stanley led the Miners with 19 rebounds and 16 points. Ron Scroggins added 15 points, and Mark Franklin had 12.

Lincoln's win over UMR Saturday night made it 2 out of 3 times the Tigers have defeated the Miners this season. However, UMR won the big one, the game that led them to the MIAA conference championship.

LU did not have an easy game, and they actually won the game at the charity stripe. UMR committed 23 fouls while LU had only 13, and Lincoln hit 16 out of 25 free throws while the Miners hit 4 of 11. From the

field, the Miners had a twelve point advantage, 80-68.

The contest was close all the way, as Lincoln had to go into overtime to win. LU had a 37-36 lead at half, but a 12 foot jumper by Terry Buzbee at the buzzer tied the game at 74-74.

Bob Stanley led the Miners in rebounding with 16, and scored 15 points. Royce Vessell led the scoring, pumping in 18 points. LU's Harold Robertson led all scorers with 26 points.

UMR did not place anyone on the All-Regional team. It consisted of LU's Harold Robertson, Gramblins Larry Wright, and from Nicholls State, Richard Polk, Larry Wilson, and Shelby Hypolite.

The Miners and the season with an 18-9 record. Next year they should do much better, if they can find a guard to replace senior Royce Vessell, and learn to win on the road. But it has been a good year for basketball at UMR.
